

## EC4RURAL - I workshop: Exchange of experiences

Tuesday, 11th June

### First joint session Spain and Estonia (in English)

**Timetable: 12.00-13.30 h Spanish time / 13.00-14.30 h Estonian time**

**Objective:** Exchange of knowledge and perspectives of both pilots (Spain and Estonia) with the different actors involved in the energy transition.

#### Agenda:

- Results of the state of EU energy in relation to renewable energies.
- Open debate: Barriers around the introduction of energy transition and community energy at EU level.

#### Detailed agenda:

- Welcome  
UVIGO
- Diagnosis around the energy transition: Europe, Spain and Galicia  
Sapiens Energia
- Estonian data and diagnosis on energy communities  
UTARTU and AECM
- Open discussion on barriers and opportunities for energy transition  
Sapiens Energia and UTARTU
- Question and answers
- Closing of the session  
UVIGO

## Second session in Estonia (in Estonian)

**Timetable: 13.30-14.30 Spanish time / 14.30-15.30 h Estonian time**

**Objective:** Use collective intelligence to validate and nurture current diagnoses and plans for renewable energy development in both contexts (Spain and Estonia).

### Agenda:

- Strengths and Weaknesses in the Estonian context for the energy transition.
- Definition of energy diagnoses and energy community plans in the context of Estonia.

### Detailed agenda:

- Welcome  
UTARTU
- Status and diagnosis on renewable communities: data quality, context, signal vs noise  
UTARTU, AECM, TREA, ELU
- Barriers and addressing issues, general and specific cases  
UTARTU, AECM, TREA, ELU
- Question and answers
- Closing of the session  
UTARTU

**Link to the session:** [Estonian pilot](#)

## Second session in Spain (in Galician and Spanish)

**Timetable: 16.00-17.30 h Spanish time / 17.00-18.30 Estonian time**

**Objective:** Use collective intelligence to validate and nurture current diagnoses and plans for renewable energy development in both contexts (Spain and Estonia).

### Agenda:

- Strengths and weaknesses in the Galician context for energy transition.
- Definition of energy diagnoses and community energy plans in the context of Galicia.

### Detailed agenda:

- Introduction to the conference  
UVIGO
- Presentation of experiences of municipalities included in the EC4RURAL project:  
Entrimo mayor: Ramón Alonso López  
O Rosal mayoress: Ánxela Fernández Callís  
Avión mayor: Antonio Montero (pending confirmation)
- Summary of the experiences  
Sapiens Energia
- Open dialogue between the participants  
Sapiens Energia
- Conclusions  
UVIGO
